

# box cars and one-eyed jacks®

From Authors John and  
Jane

It is a busy month for all teachers and students alike so we are sending an abbreviated newsletter this month. After the best year ever at Box Cars we will be taking time in December to regroup and enjoy our home base here in Edmonton. It is our business year end as well so that means inventory for staff, clearing out all the used workshop bags, and getting ready for the New Year.

John and I are grateful for our staff here in Edmonton: Celia, Theresa, Charlotte and Theresa who kept everything running smoothly here at the office while we are out working playing with school communities across North America. Both of us, and our team of consultants have had a most enjoyable and rewarding year of work and play! To our team (check them out on our consultant's page) we can't thank you enough for your hard work and dedication this past year.

We've included domino and math shaker games this month for you to download and play. They feature our favorite go to manipulatives when students need energy and

practice.

Lastly we have included dice art pictures for both primary and upper grades, with awesome math extensions. Check it out. Dice art will become a feature as the

feedback has been phenomenal! Enjoy, rest and recharge over the holidays and look for our next newsletter early in January when you return to work.

Jane

Two white dice icons with black pips, positioned to the right of the signature.

Santa brought Box Cars all new Dice Colors for

Christmas: Purple, Magenta, Orange and Teal!  
Call or email to request specific colors.

How many dice are in our presents?  
Check it out: Dice are great for illustrating  
Volume!
