

## box cars and one-eyed jacks

Hello Everyone. Hopefully you have survived your "Full Moon Halloween Blue Moon". This week's newsletter will be short because we know everyone has been very preoccupied lately.

Many of you have been asking how Jane and John teach virtually or present virtually. Quite simple really: take a look at John's very [short but informative video about the document camera set up](#) we use here at Box Cars. Further details can be found in this [Doc Cam Teaching Tips pdf](#).

We encourage teachers and parents to use our games and even modify them to best meet the needs of the students you are working with. Emily Kappel of [MakingMathMakeSense.org](#) shows how easy it is to play the same game with a 1st grader and 4th grader at the same time.

### Clockominoes Cross Graded

**Materials needed:** 1-2 sets of double six dominoes

**Skills:** operations (addition, or mixed operations)

**Grade Levels:** Grades 1-4 (differentiated)

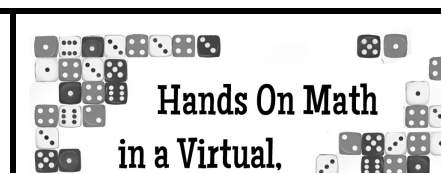

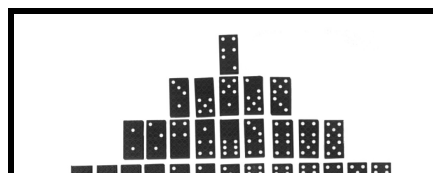

**Reproducibles:** [Gameboard](#)

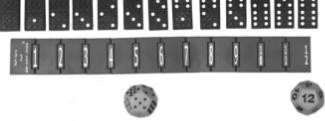

Thank you Emily, Chloe and Lucas!

For those of you wanting to learn some additional Domino Games, we have a workshop coming up later this week on Thursday, November 12. (see below)

Please email [jane@boxcarsandoneeyedjacks.com](mailto:jane@boxcarsandoneeyedjacks.com) if you have any suggestions for what you'd like to see or topics you'd like us to feature. Additionally, you can find our entire bank of COVID newsletters linked below. There are well over 100 videos, games and PDF gameboards that you can use in your teaching. Note that all these resources are free to use and share with your family

and colleagues. We also have three webinars that are open for registration. All are 90 minutes long, \$19.95/ea (Times are in Mountain) Click the tiles below for more information or to register
