

## box cars and one-eyed jacks

Hello from Box Cars! Happy May long weekend to our Canadian friends!

We are excited to announce that we have two [Webinars](#) that are now open for registration! Anyone can join us for these live Zoom workshops. As of right now, each session only has one date option, but we will be adding more time slots in the coming weeks. Each Webinar comes with an in-depth handout for you to use with your families. John or Jane will also take questions and share management tips, student samples, and journal extensions.

Math Games for K - 3 Using Regular Cards

### Webinar

Scheduled for May 26

## ALL HANDS ON DECK

Math Games for 3 - 6 Using Regular Cards

### Webinar

Scheduled for June 2nd

[For more info click HERE!](#)

We have already had success doing closed webinars for a couple of school districts! If you think your school district would be interested in a closed webinar, please contact Jane at

Note that we will continue to provide free content for you and your families to use, so keep checking our Math at Home emails. For this week's games, please click the links below! Resident superstar Sidney is back to show us [Minus Nine Face Off](#) (a great accompanying game to [Plus Nine Face Off](#) which we featured earlier this week)

### [Minus Nine Face Off](#)

Materials: counters, cards

Skills: Subtraction Facts (Subtracting nine from two digit numbers), Working with Ten Frames

Grade Levels: 1-2

Reproducibles: n/a

### [What's My Number](#)

Materials: 0-9 Dice OR Regular Cards, Gameboard

Skills: Place Value up to a Hundred Million

Grade Levels: 4 - 6

Reproducibles: [Gameboard click HERE](#)

Our sale is still on until **June 30th!** The math games books listed below use only cards and regular dice, so they are great options for those of you who are looking for family-friendly resources. Don't forget that our special decks have no face cards (no kings, queens, jacks, jokers or aces) and are instead numbered zero to twelve - ideal for math play.
