

## box cars and one-eyed jacks

Hello from Box Cars, we hope all of you are staying safe and well. School is out for certain states; be sure take some time to regroup and reset before diving back in to prepare for the next year. We have heard from many teachers about how challenging and tiring it's been to go digital. Thank you for everything you do for your students and your families. We understand that it can't be easy.

This week, we have consultants Sydney (and Jennifer Awid) and Kristin Hilty with videos for practicing operations! Shout out to Sydney for her A+ work. She is, hands down, Box Cars' top Youtube star!

### 18 Blast Off

Materials: Four Regular Dice OR a [Virtual Dice Roller](#)

Skills: Associative Property of Addition, Addition Strategies, Subtraction

Grade Levels: K-2

Reproducibles: n/a

### Pyramid of 10

Materials: Deck of Cards

Skills: Operations (Addition, Subtraction)\*\*\*

Grade Levels: 2-3

Reproducibles: n/a

**\*\*\*NOTE:** Many card games such as this one can be further aged up if you make the red cards negative integers and the black cards positive integers! A great tip for those of you in middle years.

Thank you Kristin Hilty and Sydney for the videos! You can find lots more content and free resources from Kristin on her website, [makingmathmakesense.org](http://makingmathmakesense.org)

Our live webinars are still open for registration! It's not too late to sign up for All Hands On Deck, which will take place on June 2nd.

We have already had success doing closed webinars for a few school districts. If you think your school district would be interested in a closed webinar session, please contact Jane at [jane@boxcarsandoneeyedjacks.com](mailto:jane@boxcarsandoneeyedjacks.com)
